LIFE INSURANCE.

THE KNICKERBOCKER

MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK.

Southern Branch, SAVANNAH, Ga.

A. WILBUR, *Manager.*
R. D. ARNOLD, *Consulting Physician.*

THE ONLY BRANCH OFFICE OF LIFE INSURANCE IN THIS SECTION WHERE POLICIES ARE ISSUED AND LOSSES PAID.

ASSETS NEARLY

$5,000,000.

ANNUAL INCOME NEARLY

$3,000,000.

Annual Dividends nearly 50 per cent.

$73,500 LOSSES PAID BY THE SOUTHERN BRANCH IN TWO YEARS.

THE KNICKERBOCKER IS AN OLD, RELIable Company, and offers as great inducements to insurers as any solvent Company can. Issues Policies on every desirable plan. Loans one-third of Premium to Policy-Holder.

All Policies non-forfeitable, as the insured can at any time, on demand, get its surrender value.

NO RESTRICTIONS ON RESIDENCE OR TRAVEL.

NO EXTRA CHARGE for OFFICERS of the ARMY or NAVY, Officers of first-class Steam or Sail Vessels, or Railroad Conductors, &c.

The "KNICKERBOCKER" is ONE of the TWO Northern Companies whose Policies in the South were kept intact during the entire Rebellion, whose Dividends were accredited to Policy Holders as though Premiums were paid.

And is THE Company that paid all losses after the war, that occurred during the war, thus proving its integrity, the honorable method of conducting its business, and its indisputable solvency.

The KNICKERBOCKER still pays all losses, never disputes a just claim, and is as liberal and SAFE as any Company in America.

Accumulated Capital, over	$10,000,00
Annual Income,	6,000,000

THE ÆTNA

Has $136 Assets for every $100 Liabilities.

ALL POLICIES STRICTLY NON-FORFEITING.

CASH RATES!
CASH POLICIES!
CASH DIVIDENDS!

DIVIDENDS PAID ANNUALLY, COMMENCING AT THE END OF THE YEAR.

Dividends may be used to reduce the annual Premium or Increase the Cash value of the Policy.

NON-FORFEITING CASH PLAN.

The Ætna issues Policies on the various forms of whole life and endowment insurance, with dividends on the contribution plan, which may be applied to the reduction of each annual premium after the first, or the full premium, may be paid each year and the dividens applied to reduce the number of annual premiums, together with the period fixed for the maturity of the insurance, so that endowments can be paid to the insured before the time originally specified, and life policies before death.

By this plan of applying the dividends to lessen the cost of the insurance on the original policy, instead of increasing the amount of insurance, and of course its total cost, and the policies will become self-sustaining much sooner than in other companies; and in case of inability to continue payments, give a larger paid-up-policy.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and *paid* in cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

The New York *Insurance Monitor* says of the ÆTNA:

"No Life Insurance Company ever achieved so complete a success as this popular institution. Its popularity is altogether unprecedented in the annals of commercial enterprise in this country."

OF

1,100 ACRES OF VALUABLE LAND

IN WARREN COUNTY.

BY VIRTUE OF A DECREE OF THE Supreme Court, I shall offer for sale, at the Court House door, in the town of Warrenton,

ON SATURDAY THE 1st. DAY OF MAY 1869,

1100 Acres of Land, belonging to the estate of Lewis Y. Christmas, deceased. Said land is situated, partly on Fishing Creek in Warren County, about 9 miles South-west of Warrenton, and 4 miles from Ridgway on the Raleigh & Gaston Railroad. This land has a fair proportion of wood and cleared land, and produces wheat, tobacco, cotton, corn, &c., and being situated within easy reach of different markets, is deemed one of the most valuable farms in Warren County. To suit purchasers, it may be sold in two or three separate parcels.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

SATURDAY, APRIL 17, 1869.

LETTER FROM THE EDITOR.

RALEIGH, April 14th, 1869.

A. W. Fisher, Esq., Governor's Detective.

SIR:—Your letter of the 9th of April did not reach my office until I had left Raleigh for my home in Hillsboro' and for Person County. It was deemed of sufficient importance at the office to be forwarded to me. Your first letter dated April 7th, was signed as Adjutant General, and written as you said by order of the Governor. In your letter of the 9th, you drop your title of Adjutant General, and sign as a Detective. You stated your first letter was by authority of the Governor, and so was your last although you do not so state. I see the hand of the Governor in both letters as well as in an editorial in the *Standard* of the 8th inst., in which the Governor says, persons who have long known Mr. Turner, have suggested that he fired the shot himself, but the Governor says he does not believe it.

The Governor has the information which satisfies him that an attempt was made to assassinate me, why then does he want a statement on "honor?" The Governor has all the information which I can give him. He knows of his son Joe's threat to shoot me on sight. He knows of his son's attack upon me, at the depot with C. L. Harris, Superintendent of Public Work, and Menninger, the brother and Clerk of the Secretary of State, and Boxler, said to be one of his detectives, and Jenkins, Clerk and son of the Treasurer, and others, who assembled as rioters at the depot and then in Davie street to attack me. Yes, he not only knew of it but he has approved it in a Town Hall speech, to the rioters, who belonged to a secret political society which this Governor had organized, and of which he was and is the 'Great Head Centre.'—The Grand Secretary of his secret league was, also, present, when the Governor incited his league against me, by approving of the riot and mob which had occurred at the depot, and in Davie street.

The Governor is, also, informed of the declaration of one of his personal and political friends, and a member of his secret league, that "if any man would shoot Joe Turner, even in the back, he could be pardoned forthwith, if he did not have the pardon in his pocket when the act was committed." No man can pardon but the Governor.—Yet the Governor's intimate friend has said, the man who shoots me in the back will be pardoned. Why does not the Governor send his detective force after Gen. Estes, who has given this assurance to all assassins that the Governor will pardon any man who will assassinate me?

The Governor heard that Dr. Fisher had said during the war, that he (Dr. F.) would give $5,000 for old Abe's head. The Governor as I learn, and have every reason to believe, caused the matter to be reported to the authorities at Washington after the close of the war, and had Dr. Fisher brought before him (the Governor) to answer for his speech. You will find in the Executive office, in the Governor's letter-book, a letter from Gov. Holden to Dr. Fisher stating that he (the Governor) is authorized by authorities at Washington to investigate the matter.

If Estes had not belonged to the Secret League, of which the Governor is the "Head Centre," the Governor would have sent his detectives after him as he did after the Ku Klux in Alamance. The act accompanying your letter and upon which you rely to justify the Governor in employing detectives and offering rewards for unknown persons guilty of misdemeanors was new to me. I looked in vain in that act for your justification of the Governor. The first Section says:

"SEC. 1 *The General Assembly of North Carolina do enact*, That the Governor, on information made to him of any person having committed a felony, and of having fled to parts unknown, whether within or without the jurisdiction of the State, may issue his Proclamation, and therein offer a reward, not exceeding five hundred dollars, according to the nature of the case, for the apprehension and delivery of such fugitive to any common jail in the State.

The act does not require the information to be made on "honor," or even on oath. The reward can only be offered when a felony has been committed. It was an assault with intent to murder which is not a felony.

I take it you rely upon the 4th section for your authority to interfere as Adjutant General and Commander of the Militia.—Now the Adjutant General is not mentioned in that section, nor in the bill, and that accounts for your failure to sign yourself Adjutant General, as you did in your first letter.

"SEC. 4. The Governor, either with or without issuing the proclamation authorized by the first section of this act, be, and he is hereby further empowered to employ a *detective force*, as he may deem sufficient, to pursue and apprehend any felon who is a fugitive from justice, whether within or without the limits of the State, and such detective force shall be in all things subject to the orders and direction of the Governor, shall report to him from time to time, and be paid by him for services, in no case exceeding five hundred dollars for the arrest and safe delivery to jail of any one felon."

The Governor, alone, can employ a detective force to pursue and apprehend a felon. In your first letter you said, you (signing yourself as Adjutant General.) "had out" two detectives. In your second letter you sign as detective yourself. So the Governor has out, and on pay, three detectives pursuing a felon when no felony has been committed. I hear that one of your detectives was of the rioters who stood by the Governor's son in the attack upon me at the depot, and in Davie street. None of those rioters should be sent as detectives to catch the assassin. Nor should you put the Governor on your detective staff, for he approved of the attempt to mob me, and, I think, would be pleased at my assassination, and my reason for thinking so is, that he was first to publish, asking, "who would plot for old Abe's head?"

The Governor is informed that General Estes, of his Secret League, has said that "the man who will shoot me in the back can be pardoned, or it may be, have the pardon in his pocket when he commits the act." The Governor has not thought fit to disclaim it. A Proclamation declaring that he would give no pardon to the assassin, and that he did not authorize General Estes to say he would, would be more to the purpose than offering $500, for the assassin. Would a man like General Estes, of high standing in the League, without authority from the Grand President, take it upon himself to say that the man who "shoots me in the back can be pardoned?"

The Governor is the Grand President of all the Leagues. Some eight or ten of his League, headed by his son, made an attempt upon my life. Two of them have stated they stood by with pistols cocked in their pockets waiting for the Governor's son to begin the attack. And now this League Governor proposes through a detective, that if I will make a statement on "honor" he will give me the protection of the law.

I waive none of the rights which the laws of my country give me to protection, but I shall never apply on "honor," through a carpet-bag detective, to an unprincipled, cowardly Governor, who approved of an attempt, on the part of a secret society mob, to murder me.

If the Governor desires to communicate with me, he must do so through some other medium than that of a detective.

This newspaper reply is the only one you will receive to your last impertinent and offensive letter, and I make this more for the public than for you, and more to the Governor than to you. I repeat my readiness to make an affidavit of the facts, when called upon by the proper authority, to wit: the Courts or Grand Jurors of the country.

Yours, &c.,
JOSIAH TURNER, JR.

JOHN P. HALE.

Readers of ten years ago will recall easily this individual. He is quite notorious. For a long time he was the leader of Abolitionism, and was once candidate for the Presidency. For a few years he has been Minister to Spain, and has succeeded, at last, in obtaining rope enough to hang himself—at least politically. He has actually used his official position, perhaps, his official seal, in a bold and effective effort, to cheat the Spanish Government by smuggling goods to the benefit of himself and certain Spanish "confidents" who were *participes criminis*. This marvellously proper exponent of a very Black Republicanism turns out to be a corrupt official, and has disgraced his country by his base acts. One Perry, a Radical of the deepest dye, is the witness Hale intimates that Perry is as black as he is. Double so. They belong to the same venal set. It is a mere waste of words to characterize the transaction. The blackness of the man Hale and his acts will defy the best skill of the subtlest Radical to invent even a poor coloring with which to daub over his nakedness. It will be a bold pen that will attempt the fruitless effort to whiten Hale.

"Not all that heralds rake from coffin'd clay,
Nor florid prose, nor honied lies of rhyme,
Can blazon evil deeds, or consecrate a crime."

M. Dutimon, Deputy for the City of Paris, went to court in knee-breeches, and is to be left at home, in the new elections, by his opposition constituency. Knee breeches are incompatible with a true republicanism, as we know by the anti court suit law on our own statute-book. To be indubitably of liberal sentiments it is necessary for one's breeches to cover one's shins. M. Emile Oliver has had interviews with the Emperor—neither good interviews nor bad, from anything that appears, but still interviews—and him, too, defeat awaits. M. Devinck is an honest man who has made a fortune by the manufacture of chocolate in the Rue St. Honore. Having made this money, he prefers to retain it by maintaining—rather than to lose it by upsetting—government; and his seat is in danger. A pleasant picture these things present of that radical republicanism which is red in France and black here. Liberty—to think as we think. Equality—if you can get it. Fraternity—with us.—*N. Y. Another little white girl has been cruelly flogged in a Massachusetts school in the town of Medford. The victim was so hammered that "both arms were black and blue; both hands were blistered; there were bruises on her knees; her stomach was so swollen that her clothes had to be cut from her; and she was confined to the house two weeks in consequence of the flogging."—Nevertheless, a judge "held that the girl was naughty and deserved punishment, and therefore discharged the teacher from custody." It is quite superfluous to tell how the Massachusetts moralists would have howled and the Massachusetts Sunday schools would have screeched if a tithe of this flogging had been laid on the back of some bacon stealing negro down in Texas. *N. TREASURY DEPARTMENT,
OFFICE INTERNAL REVENUE,
Washington, Jan. 26, 1860.

SIR:—Your letter addressed to the Secretary of the Treasury has been referred to this office for answer. In reply, I have to say that the Act of February 3, 1868, abolishing the tax on cotton, is so clear as to admit of no doubt as to its meaning and effect. The language of the Act is: "That all cotton grown in the United States after the year 1867, shall be exempt from internal tax." This operates to exempt, not only the crop of 1868, but the crops of all succeeding years, until the Act shall be repealed or modified by subsequent legislation.

Very respectfully,
E. A. ROLLINS, Com'r.

EXTRACT FROM THE BOOK OF JOSIAH.

CHAPTER XIV.

It came to pass in those days when Ulysses was King, and William the Ethiopian, whose surname was Holden, was Governor of the Province, that the great Council met in the city of Raleigh, and many carpet-baggers attended it. And the Council did lay many and grievous burdens upon the people, and did squander the public money, the Governor being privy thereto.

Then the soul of Josiah, the Orangite, was stirred within him when he saw the Council wholly given to worship of the carpet baggers, and he wrote daily letters unto the people of the Province, and showed unto them how the sons of Belial had made the people pay an hundred talents for land for a house of purishment, when the land could have been bought for an hundred pence, and how the carpet-baggers had wrongfully taken this money, the Governor being privy thereto; and in many other things he showed how the carpet-baggers did prey upon the people, and how the Governor was their friend.

Now when William the Ethiopian, and Joseph his son, and David the Treasurer, and Menninger the Scribe, saw that the hope of their gains was gone, and that Josiah, the Orangite, ceased not to litt up his voice and cry aloud against them, they said one to another, what shall we do? Then rose up Joseph, the son of William, the Governor, and said, Go to. I will tell you what ye shall do. Behold Josiah, the Orangite, goeth unto Smithfield. Now, if we set upon him in the city, he hath many friends who are mighty men of valor, and they will fight against us and slay us; but if we lie in wait for him at the house of Carriages as he returneth from Smithfield, there will be a great multitude of Ethiopians there who will be our friends, and we can smite Josiah and slay him. Then William, the Governor, answered and said: Truly Joseph, thou art a wise son, and thy father's heart shall be glad because of thee. So they determined to await till Josiah should return.

CHAPTER XV.

Now it came to pass on the morrow that Joseph, the son of William, and Jenkins, the son of David the Treasurer, and Menninger, the brother of Menninger the Scribe, and Boxler the Captain of the guard, and many others also, armed themselves with staves and with pistols of death, and went unto the house of carriages to lie in wait for Josiah, the Orangite, who was coming in the carriages.

Now a lad told Josiah of their lying in wait, so he went to the Western end of the house of carriages and went his way into the street, and the armed men followed after him and overtook him in the street.—Then Josiah, the Orangite, drew forth from his bosom a weapon of defence, and said unto Joseph and them that were with him, ye be too many for me, but whosoever cometh first upon me I will smite him with a bullet of death and will surely slay him.—Then Joseph, the son of William, was sore dismayed, and they that were with him; and they fell back a little space and there abode until the Magistrates came and took from Josiah, the Orangite, his weapon of defence, and carried him to the court of the prison, where Harrison, the Chief Magistrate of the city, took surety of him to appear at the judgment seat of Samuel, the Judge.

Then William, the Governor, ran down unto the court of the prison and essayed to speak unto the people; but Harrison, the Magistrate, bade him hold his peace because it was unlawful for him to speak in the court. But he cried out so much the more saying with a loud voice, I consent unto all that Joseph, my son, hath done, and I have come hither to be his surety.—Also, Estes, the carpet-bagger, said that whosoever would slay Josiah, the Orangite, should surely be pardoned, and not an hair of his head should be touched.

CHAPTER XVI.

Now it came to pass that when the people heard these words of William the Governor, and Estes, the carpet-bagger, wherein they approved of what Joseph and they that were with him had done, and promised pardon to whosoever should slay Josiah the Orangite, certain lewd fellows with the baser sort determined to kill Josiah at unawares. So a few nights thereafter, as Josiah sat in his room, at house of printing, a certain man came to the window thereof, and cast a bullet of death at Josiah; but the bullet of death missed Josiah and the man fled apace.

Now when the people of the Province heard thereof they were filled with indignation; for Josiah was dear unto the people. So they gathered themselves together in the chief places of concourse and spake of these things. Then rose up a mighty man among the people and said, Men and brethren, when William the Governor slandered our people unto the King, and spake much evil against us, we held our peace; also, when he consented unto the stealing of the public money, we said nought against it; but now he goeth about to take away our lives, for hath he not approved of what his son Joseph hath done? and hath not Estes, the carpet bagger, promised that William shall pardon the man who shall slay Josiah the Orangite? And hath not a murderer at midnight cast a bullet of death at Josiah? How long, O ye people of the Province, will ye endure these things?

CHAPTER XVII.

And when the Governor perceived that the wrath of the people was great, a great fear fell upon him, insomuch that his knees smote one against the other. So he sent for Richmond, the Chief Justice, and said unto him, Thou knowest, O Richmond, that Josiah the Orangite is dear to the people, and their hearts are set upon him. Moreover, thou well knowest that all decent men abhor me for my many evil deeds, and the people are especially wroth because I have sought to compass the death of Josiah. Now, therefore, what shall I do? for I am greatly afraid, and such terror hath not taken hold of me since the time when I fled from the men of Georgia, and hid me in the house of Zebulon. Then Richmond answered and said, Thou dost well, O Governor, to be afraid, for thou hast committed a great crime against the State, in that thou, who are appointed to execute the law, hast publicly approved them that broke the law, and hast encouraged sons of Belial to plot against the life of Josiah the Orangite. Thou hast well said that the people of the Province abhor thee, for thou art a stench in their nostrils, and thou hast added to the hatred against thee by thy doings in this affair of Josiah, whereby thou hast also injured our great party, and brought it into contempt. Know, therefore, that if evil befall Josiah, the people will require his blood at thy hands, and if they be once aroused who shall say that they will not follow thee, even to the bed of Zebulon, and pluck thee hence and slay thee, and thy son Joseph with thee? Now, therefore, hearken unto my words, and issue thy proclamation, saying unto the people that thou hast no part or lot in this matter, and offer a talent of gold for the man who cast the bullet of death at Josiah the Orangite. So shalt thou be purged of this crime.—Then William answered and said, How can I do this thing, O Richmond? For all men will mock me if I do issue my proclamation for the arrest of a man whom I did publicly encourage to this thing when I spake unto the people at the court of the prison.—Then Richmond, the Chief Justice, laughed vehemently, and said, Knowest thou not, O Governor, that all men do already mock thee? Didst thou not encourage the men of the South to plot for the head of Abraham the King? Didst thou not swear to Zebulon the chief, that thou wouldest do him good always, because he saved thee from the hands of the men of Georgia, and gave thee strong drink when thou wast ready to perish? And didst thou not afterward seek the life of Zebulon, and show thyself his bitterest enemy? Hast thou not betrayed every party to which thou hast ever belonged, and been on every side of every contest in the affairs of this Province? Know, therefore, that thou hast no character to lose, and do thy diligence to mend the mischief thou has wrought unto our party. Then William, the Governor, answered and said, Go to, I will tell you what I will do. I will send Abel, whose surname is Fisher, the Captain of the host, and he shall go unto Josiah the Orangite, and offer the reward for him that cast the bullet, and I will write a letter unto the people, in the name of John, whose surname is Neathery, who abideth as chief servant in my house of printing.

Then Richmond answered and said, O perverse and foolish man, thou canst not write as John writeth; thy speech will betray thee, and all men will scorn thee the more. Moreover, it is unlawful for Abel, the Captain of the host, to pursue this matter, because it belongeth unto Samuel the Judge, whom men call Greasy. Then Richmond the Chief Justice went his way.

CHAPTER XVIII.

But William, the Governor, hearkened not unto the voice of the Chief Justice; and he wrote a letter in the name of John; and he sent unto Josiah, Abel, the Chief Captain, who wrote a letter in these words:

Abel, the mighty captain of all the host of derailed militia, and Adjutant General of the Province of North Carolina, unto Josiah, the Orangite, greeting: Be it known unto thee, O, Josiah, that I have sent two men of darkness to seek for the man who sought to slay thee; and if thou wilt declare upon thy honor that the man did hurl at thee through the window a bullet of death, I will offer a reward of a talent of gold unto him who shall bring his head.

Then Josiah answered in these words:—Josiah, unto Abel, who calleth himself Captain of the host and Adjutant General, wisheth good manners and a sound mind. Thou well knowest that sons of Belial have twice sought to slay me; but what hast thou to do with these things, or what law hast thou for sending forth thy men of darkness? Knowest thou not that Samuel, the Judge, is the proper man to look into this matter? Wherefore get thee behind me, thou son of folly, and mind thy own business. Fare thee well.

So Josiah, the Orangite, went on his way without fear, and scorned all these men, and all the people said, Amen.

NORTH CAROLINA BONDS.

Previous to the war, the credit of North Carolina was equal to that of any of the Southern States. No more desirable investment could be made, and at home and abroad they were eagerly sought. The finances of the State were managed with prudence, and the administration of its affairs conducted with economy. Its assets were large, in comparison to its indebtedness, and were a source of much profit. A judicious system of internal improvements had been commenced and several great works completed. If this system did not meet the necessities of our people, it did not injure the credit of the State or burden the people with excessive taxation.

It has been almost a year since North Carolina "accepted" the terms of the Congressional Reconstruction, and for nine months "unmistakably loyal" men have controled every department of the State government. Conventions and Legislatures have been during this time almost in continual session. More laws have been repealed and amended within the year than any decade of the State's history can parallel. North Carolina has never been more governed since the foundation of the State! When Mr. Holden was declared Governor in July last North Carolina bonds were worth seventy three and seventy-four cents in the dollar. To-day they are barely worth sixty, and we fear by the time the present Legislature meets once or twice more their value will be much less.

It is a matter of interest to compare the price of our bonds with those of other reconstructed States in the New York market. The following are the quotations on the 6th of April:

North Carolina 6's,	60¾
North Carolina 6's, new bonds,	53
Georgia 6's,	82
Georgia 7's,	93
Louisiana 6's,	69½
Alabama 8's,	60¾
Alabama 5's,	69
Tennessee 6's, old,	69½
Tennessee 6's new,	64

It will be seen that out of five of the eight reconstructed States, being all whose bonds were quoted on the 6th inst., North Carolina is the lowest in the scale. Tennessee comes next. This association is suggestive in many respects. It speaks volumes in proof of the mal-administration of their governments, and the mere announcement is enough to condemn the man who for "party purposes," have destroyed the credit of these States, and retarded their prosperity.

Why should the credit of North Carolina be so far below that of Georgia and Alabama? Even the bonds of Louisiana, its State affairs in great confusion and anarchy, command from nine to ten cents more in the dollar than do ours. Such a condition of affairs could only have been brought about by the most profligate extravagance and corruptions of the State government. If economy and honesty had been practiced since "reconstruction;" if capitalists were as well satisfied that the resources of the State would be zealously and intelligently fostered and the appropriations fairly and judiciously expended as they are that ignorance, prejudice and dishonesty will in the future, as they have in the past, disgrace the State and eat up its substance, North Carolina bonds would command as much or more than those of her sister Southern States.

President Grant has expressed himself satisfied with the loyalty of our people.—Orthodox Radical authority has pronounced us the most completely and satisfactorily reconstructed of all the States. Peace and order exists to such an extent throughout North Carolina, that not even the sensation legislation of the General Assembly, nor the calling out of the militia by the Governor can provoke an unusual disturbance or create the impression that a "new rebellion" has broken out in this State.—On this score there can be no good reason for the present prices of our bonds.—*Wil. Manasse, of Berlin, Prussia, can be seen for a few days only at the Exchange Hotel, Hillsboro Street.

EXCELLENT WORK.—John Nichols, Esq., of the firm of Nichols and Gorman, Book and Job printers of this City, showed us to-day an admirably executed plan of three hundred lots to be sold not long hence, by the North Carolina Land Company. It was done by Mr. Stanford Nichols, a deaf-mute. The plan is about 3½ by 2½ feet.

MAJ. W. A. HEARNE.—This gentleman, formerly editor of the *North Carolinian*, an exceedingly spicy paper once published here and at Wilson, is now General Agent for the collection of claims throughout the State, and also Special Agent for the North Carolina Press. We are pleased to learn that he is meeting with deserved success. His headquarters are at Goldsboro.

WE acknowledge a courteous invitation from the Committee in Memphis, Tenn., to attend the Commercial Convention which is to meet in that city on the 18th of May next. On the Committee we find the name of our friend Judge R. R. Heath, formerly of this State. We will publish on Monday some "suggestions" which accompany the invitation.

The North Carolina Medical Society meets in Salisbury on the 20th of May next.

DETECTIVES.

We publish, in extenso, the bill from which we have quoted, in our letter to the Governor's Detective, Mr. A. W. Fisher:

AN ACT ENTITLED AN ACT TO PRESCRIBE THE POWER AND DUTY OF THE GOVERNOR IN RESPECT TO FUGITIVES FROM JUSTICE.

SEC. 1. *The General Assembly of North Carolina do enact:* That the Governor, on information made to him of any person having committed a felony and of having fled to parts unknown, whether within or without the jurisdiction of the State, may issue his proclamation, and therein offer a reward, not exceeding five hundred dollars, according to the nature of the case, for the apprehension and delivery of such fugitive to any common jail in the State.

SEC 2 That the reward authorized in the preceding section shall be paid to the person or persons who may arrest, and cause to be committed, such fugitive; but no part thereof shall be paid to any Sheriff or other peace officer, whose duty it is by law to pursue and arrest felons fleeing from justice, and whom the Governor, on satisfactory evidence, may deem to have been guilty of a default in making such pursuit and arrest, previous to issuing any proclamation.

SEC 3. That the Governor is directed, upon information made to him, of any Sheriff, or other peace officer having failed to discharge his duty in pursuing and arresting felons, as prescribed in the second section, chapter thirty five, of the Revised Code, to cause the facts of such failure or neglect on the part of a peace officer, to be laid before the Solicitor of the State for the Judicial District in which such delinquent peace officer may reside, to the end that he may be indicted for the same.

SEC. 4. That the Governor, either with or without issuing the proclamation authorized by the first section of this act, be, and he is hereby further empowered to employ a *detective force*, as he may deem sufficient, to pursue and apprehend any felon who is a fugitive from justice, whether within or without the limits of the State, and such detective force shall be in all things subject to the orders and direction of the Governor, shall report to him from time to time, and be paid by him for services, in no case exceeding five hundred dollars for the arrest and safe delivery to jail of any one felon.

SEC. 5. That the Governor is authorized to issue his warrant to the Public Treasurer, from time to time, for sufficient sums of money for the purposes required by this act.

SEC. 6 That all laws and parts of laws, in conflict with the provisions of this act, are repealed.

SEC. 7. That this act shall take effect and be in force from and after its ratification.

Ratified this 19th day of February, A. D. 1869.

There was no necessity for this bill. It will be found on page 228 of the Revised Code. The Governor could always issue rewards for fugitives. In the caption not a word is said of Detectives. It is all about fugitives from Justice. Yet there is woven into it a clause empowering the Governor to employ detectives, when a felony has been committed. The Governor, we are informed, keeps idlers in his pay as detectives. He now has these hunting for the man who attempted to assassinate us, and he will offer a reward of $500, when we make a statement to him, "on honor," of the attempt to assassinate us. The Governor had better dismiss his detectives, and dissolve his secret political societies. We have the Governor's word for it that "secret societies will destroy republican government." All history proves it so. Nine out of ten of the horrid murders committed in Jones, and other Counties, were committed by men belonging to the Leagues, of which the Governor is the Head Centre. One secret Society will beget another. The Leagues have begotten the Ku Klux; between the two the peace of society is to be disturbed; riots, arsons, mobs, and assassinations, are to be the order of the day.

The League riots will have the approval of the Governor, who is the Head Centre,—a grand President,—of the Leagues of North Carolina, supported by detectives, illegally called out, and illegally paid by warrants illegally drawn on the Treasury.

10TH OF MAY.—We learn that Wm. M. Robbins, Esq., the Democratic Senator from Rowan, has been invited by the Ladies of the Memorial Association of this City to deliver the Address on the occasion of the next Annual celebration which occurs on the 10th May, the day on which that peerless military genius, General Stonewall Jackson, died. We are pleased to know he has accepted the invitation, and a highly appropriate performance may be expected.

For the Sentinel.

PLYMOUTH, N. C., April 9 1869.

MR. EDITOR:—I have found one of the most singular, and, I believe, the oldest silver coin that can be produced in the United States.

I purchased an old abandoned farm, formerly owned by a Scotchman by the name of Stewart, and while cleaning away the old rubbish, a small colored boy of mine found the coin. I at first thought it worthless and threw it away, but, upon reflection, as a matter of curiosity, I went back and picked it up, carried it home, and after cleaning it, found it to be a very singular coin and very old. I intend to have an impression taken of it, as it is a great variety and curiosity.

I will here give you as near a description of it as possible. The coin is pure silver and about the size of a Spanish quarter of a dollar, on one side is written o NO ARG CIV GRONINGÆ dated plainly 679. At the bottom of the coin is a wreath and a hole through the coin to be worn around the neck. On the opposite side is CONCORDIÆ RAS PARVÆ GRESCVÆ with two almost indistinct female figures with bushy hair. I have submitted it to a great many for inspection, but none know its nationality. One side is Latin, the other unknown. I think it must be a Roman coin made in the Reign of Concordia, a Governor, of one of the Roman Provinces in 650, and carried to England when the Romans conquered and held it many centuries, and was brought to this country by old man Stewart; and, no doubt, has been worn around the necks of 500 generations, as children in olden times wore silver around their necks to keep off evil spirits. If this is worth publishing you can do so. I have the coin in my possession and it can be seen at any time.

Yours respectfully,
JOHN BEASLEY.

In view of the damages lately awarded to Mr. Charles Reade, in the "Griffith Gaunt" case, by a New York jury, that popular author is now known in London circles as the "Sixcentenarian of fictional literature."

STATE NEWS.

A SHARP SWINDLE.—The Wilmington *Journal* gives an account of a forgery case. The forger was arrested near Darlington, S. C., and brought to Wilmington. On Saturday last, this man calling himself Bently, appeared in this city and was stopping at the Purcell House. He was decently dressed and affable and gentlemanly in his manners. He represented himself as dealing largely in sugar, and presented a letter of introduction to Mr. Lee Angle, telegraph operator, from a brother of that gentleman, who is a clerk in the Spottswood's Hotel.—He went alone to the National Bank and had a draft cashed. It purported to have been drawn by McKim & Co., of Baltimore, upon Duncan Sherman & Co., of New York, for $1,750. The next morning a telegram appeared in the *Journal*, setting forth a forged transaction of a similar character in Richmond, in which the names of the same parties were used on the draft.—Upon seeing this the President of the Bank suspected foul play, and made inquiries and ascertained that Bently had left the city on the Southern train Saturday night. The conductor of the train was immediately telegraphed to cause his arrest, but this official could not obtain a warrant in South Carolina on Sunday. Bently got off at Sumter, of which fact due notification was given. The detectives of that place were immediately placed on his track, and the President of the Bank left here Monday morning to urge the matter forward. After being chased through the country a long distance until Tuesday night, Bently was finally arrested as above stated. It was a genuine draft that was presented, but the amount had been altered. The ink was extracted and $1,760 substituted for $83,70.

Condensed from the Tarboro *Southerner*. The editor has recently been through Edgecombe and Martin. He says there is a "most gratifying state of affairs among the farmers and planters, and more especially was this the case, with the farmers of the latter county, who seem to be expending their undivided energies on the preparation of the soil for the coming crop.

We heard it stated that never before in the history of the county had there been witnessed such evidences of work as are now to be seen on every side, and never before were there such encouraging prospects of a beautiful crop."

He announces "good new to the traveling public." A new engine and passenger car have been placed at last upon the Tarboro Branch Road. He says:

"In consequence of the superior advantages now possessed by Messrs. Bridgers, Fremont & Co., in the acquisition of their new engine, we have been reluctantly compelled to withdraw for the present from the road the slow but popular Ox Line opposition which sheer necessity during the past winter forced the public to patronize."

The *Reconstructed Farmer* will appear about the first of May.

An excursion from Tarboro to Enfield will take place on 22nd inst.

From the 1st September 1868, to 1st April 1869, there has been issued in Edgecombe 156 Marriage Licenses. White 53, colored 103.

PLANTING PROSPECTS IN EDGECOMBE.—Corn planting is nearly over, and cotton planting is in progress. The soil has been soft and dry through the winter, and plowing has been easy work for the team, and the land has been put in order for planting.

We fear our friends are committing an error in planting too much cotton and too little corn. Make your support of corn, fodder and meat, if possible. After being doubly sure of that then plant all the cotton you can pick out.

This is the only safe plan in case of a bad crop year or low prices. Dry winters like the past are usually followed by dry summers, and dry summers are invariably good crop years. But don't suffer yourselves to go crazy again on the cotton question; keep constantly in mind the disaster of '67, and provide against it by making an abundant supply of provisions.—*Tarborough Southerner.*

PORT OF BEAUFORT.—His Excellency Gov. Holden has appointed the following officers for this port:

Commissioners of Navigation and Pilotage—Isaac Ramsay, A. C. Davis, W. A. Moore, W. B. Duncan, C. S. Bell.

Quarantine and Medical Officer—Dr. J. B. Davis.

Quarantine Commissioner—W. A. Moore.

The *Old North State* newspaper, at Salisbury, ventilates thoroughly the subject of publishing bankrupt notices. The U. S. District Judge, Brooks, made a rule that those notices should be published in the Raleigh *Standard* and Asheville *Pioneer*, (the papers appointed to print the laws of the United States.) And the rule has been tenaciously adhered to, although the *Old North State* and other papers would have printed them for *half* the prices charged by these Radical favorites; and they would thus have been seen by the creditors of the bankrupts. The Salisbury paper shows that the unfortunate bankrupts, and their creditors, have been thus "done" out of about forty thousand dollars, which goes into the pockets of printers, through this judicial decision.—*Greensboro Patriot.*

CAPE FEAR INSURANCE COMPANY.—The Legislature recently granted a charter to a company in this city under the above name. The charter is for ninety-nine years, and the company will do a fire insurance business. The capital stock is $300,000. The company is authorized to commence operations so soon as $100,000 stock has been subscribed, and twenty per cent. of that amount collected, and a deposit of $40,000 of State bonds is made with the Public Treasurer for the security of policy holders.—*Wil. Journal.*

INCENDIARISM.—A house belonging to Stephen Hunt, of Friendship, in Guilford county was consumed by fire, on Sunday night last, on the night following, his corn crib was also burnt. Supposed to be the work of an incendiary.

Another house, belonging to Joel Chipman, of that county, was burnt on Tuesday night. Isaac Gerringer, colored, was arrested and lodged in jail, on suspicion of being the guilty party. So says the *Topic.*

VEGETABLES.—Col. Wm. Mumford, of our city, yesterday shipped per Steamship *Rebecca Clyde* thirty-nine barrels of vegetables, grown in our immediate vicinity. Our Newbern contemporary boasts of a bushel or two of small Irish potatoes, and we call attention to this article to enlarge his ideas.—*Wil. Star.*

SUPERIOR COURT OF EDGECOMBE.—The Spring Term of this Court commences at Tarboro' on Monday, the 26th inst. Judge Jones presiding.

The Criminal docket is large, amounting to 123 cases, and will probably consume the first week of the Term. The Civil docket will scarcely be reached until the Second week. Upon this there are 534 cases transferred from the old Docket, and 280 new suits brought to the present Term—consisting of actions for both old and new debts.—*Tarborough Southerner.*

RAPE.—Wm. B. Rogers (white) was yesterday arrested, by warrant, on an alledged charge of having committed rape, within five miles of this city, on a white woman—a wife and a mother. He was sent to jail to await trial.—*Wil. Star.*

SALMAGUNDI.

(The best things in the Comic papers of London.)

A brief existence—a barrister's.—*Punch.*

That poets have to take out "poetical licenses."

London *Fun* reports that the Peace Society is considering the feasibility of reducing the height of the Alps below the line of perpetual snow. Their reason for wishing to do this is, that at present these mountains endanger the peace of Europe, as they give rise to piques, and produce coolness between France and Switzerland and Italy.

There are plenty of punning epitaphs scattered about our country churchyards, but few, I imagine, which beat this on a Liverpool brewer:

"Poor John Scott lies buried here;
Although he was both hale and stout,
Death stretch'd him on this *bitter* bier—
In another world he *hops* about."

Not a Bad Shot.—The Duke of Somerset said the other night in the House of Lords that every British missionary requires a gunboat. Of course the missionary wished himself a canon on board it.

Quite Right Too!—The Court *Journal* says that Mr. Tennyson has "again refused offer of a peerage." Well, considering some of the people who have been made lords, he is wise in refusing a baron honor.

Aye, I!—Why is the difference between food and illness a mere question of point of view? Because it depends on the site of the "i" whether it is aliment or ailment.

Faithful Ever!—Magistrate's Clerk (swearing Witness)—"Kiss the Book, Mr. Jolter."

Mr. Jolter (exemplary old peasant "never been before the Justices in his life")—"Nos, nos, I beant a goin to kiss nobody 'cept my ow'd woman!"

Shaksperianity.—Dear Mr. Punch—I have just read, in a book of travels:

"At first, the motion of a Mule occasions to the inexperienced a feeling of sickness."

Shakspeare knew everything, sir. Do you think this fact was in his mind when he wrote [As You Like It, Act II, set 7:]

"Muling and puking!"

Yours truly, A DEVOTEE.

A FEW REASONS.

Why Cleopatra's Needle should be Transported to England, as suggested by Sir C. Trevelyan.

Because, if planted in the Temple Gardens, it will always be able to have an eye upon the lawyers.

Because, if successfully brought over, no one will be able to say it is a needle-less outlay.

Because, (this reason is especially addressed to the members of the present Government,) the £1,500 it estimates, by discharging a few more wretched subordinates, who cannot help themselves, and who will then be sacrificed for adornment of the metropolis of their native country.

Because letters to the papers so seldom do have any result, that it would be quite a pleasing novelty to find one that did.

HARD ON THE SENATE.—In response to a speech from a serenading party in Washington, on Tuesday night, Senator Sprague said many good and many hard things—Among the latter this:

"Your House of Representatives, your Executive, the Judiciary, are to day influenced, and in effect controlled, by the Senate—and the Senate itself is under the control of one idea—*power*—and every agency to advance that idea. Thus it is that the machinery of the Government is so contracted, so narrow, that the interests and aspirations of the people find no proper vent, but are stifled, corrupted, and destroyed. The great trouble is, the would-be leaders of the people are dwarfed into mere partizan adventurers."

Dr. Long, nominated Consul General to Panama, turns out to be one of those esteemed personal friends of the President.

The Hon. Reverdy Johnson, of Baltimore is announced to preside at the anniversary of the Hebrew's free school in Westminster, London, on June 8th.

A concordance to Keble's Poems is in preparation, the work of two compilers—one of whom, strange to say, is blind; he, however, has a perfect knowledge of Keble, having learnt him when young.

A Belgin paper finds fault with General Grant for having sent a copy of his biography to Count von Bismarck, and thinks he might have waited until Bismarck asked for a copy.

"Twelve United States Senators are to write each an article for the New York *Ledger*." Then, Bonner hasn't the judgment we thought he had. No literary journal in the county can quite stand that.

CHARLES' LONDON CORDIAL GIN, Or Pure Liquor of Juniper Berries.

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that the merit does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which render it invaluable to persons suffering from GRAVEL, DIABETES, INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

HIGHEST INSURANCE AUTHORITIES

SAY OF THE

BROOKLYN LIFE!

"A Company that makes such endorsements on its policies gives the strongest pledge that it will fulfil its trust faithfully, and keep its reserves sufficient."—HON. ELIZUR WRIGHT.

"The BROOKLYN LIFE has placed itself in the vanguard of insurance reform, and is the first Company that has done full and complete justice to the insured."—INSURANCE TIMES, Jan. 1869.

THE BROOKLYN LIFE, ALONE OF ALL OTHER LIFE INSURANCE COMPANIES, GUARANTEES A DEFINITE SURRENDER-VALUE IN CASH, AND EVERY POLICY ISSUED BY THAT COMPANY, BEARS A CERTIFICATE STATING WHAT THIS EXACT WORTH WILL BE IN DOLLARS AND CENTS, AT ANY TIME, AFTER THE PAYMENT OF TWO OR MORE PREMIUMS.

"The BROOKLYN LIFE has made no half-way work of the adoption of this inestimable feature. It is noteworthy, in this connection, as a merited tribute to the excellent Company (Brooklyn Life,) which has so gallantly raised the standard of reform in Life Insurance, that we find in the whole list of existing Companies, few competitors which deserve so much credit in respect of economy of management, or care, skill and judgment in the selection of risks."—INS. SPEC. Jan. 1869.

The BROOKLYN LIFE has paid, and now pays to its policy-holders, LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

Dividends are paid IN CASH, or applied to the permanent increase of the policy, or used with the Company to accumulate at interest, in either way, at the option of the policy-holder.

Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are of a truly marvellous character. Inveterate cases of scrofula, where the system seemed utterly given up to corruption, have yielded to this compound of anti-strumous virtues. Disorders of a scrofulous type, and affections which are merely aggravated by the presence of scrofulous matter, have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver. These facts make the occasional use of the *Sarsaparilla* as a preventive, advisable.

It is a mistake to suppose that so long as no eruptions or humors appear, there must be no scrofulous taint. These forms of derangement may never occur, and yet the vital forces of the body be so reduced by its subtle agency, as materially to impair the health and shorten the duration of life. It is a common error, also, that scrofula is strictly hereditary. It does, indeed, descend from parent to child, but is also engendered in persons born of pure blood. Low living, indigestion, foul air, intemperate habits, uncleanliness, and the depressing vices generally, produce it. Weakly constitutions, where not fortified by the most constant and judicious care, are peculiarly liable to it. Yet the rotted, also, whose tainted blood excites the veins with an apparently exuberant vitality, are often contaminated, and on the road to its consequences. Indeed, no class of condition can depend on immunity from it, nor feel insensible to the importance of an effectual remedy.

In *St. Anthony's Fire, Rose or Erysipelas, for Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes and Eyes*, and other eruptive or visible forms of the diseases caused primarily by the scrofulous infection, the *Sarsaparilla* is so efficient as to be indispensable. And in the more concealed forms, as in *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia*, and other affections of the muscular and nervous systems, the *Sarsaparilla*, through its purifying power, removes the cause of the disorder and produces astonishing cures.

The sarsaparilla root of the tropics does not by itself achieve these results. It is aided by the extracts combined with it, of still greater power. So potent is this union of healing virtues, *Syphilis* or *Venereal* and *Mercurial Diseases* are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. *Leucorrhœa* or *Whites, Uterine Ulcerations*, and *Female Diseases* in general, are commonly soon relieved and ultimately cured by the invigorating and purifying effect of our *Sarsaparilla*. *Rheumatism* and *Gout*, often dependent on the accumulations of extraneous matters in the blood, have their remedy also in this medicine. For *Liver Complaints*, *Jaundice*, inflammation, abscess, etc., caused by making poisons in the blood, we unhesitatingly recommend the *Sarsaparilla*.

This medicine restores health and vigor where no specific disease can be distinguished. By restoring it not only soon frees from the many *Imaginary Ailments*, but realizes the desire of those who are *Languid, Listless, Despondent, Sleepless*, and filled with *Nervous Apprehensions* or *Fears*, or who are troubled with any other of those affections symptomatic of weakness. Many, after taking it for *General Debility*, have written us of the youthful vigor imparted to their nervous system, which seemed buoyant with that prolific life they thought had departed on the advance of age. Others, whose fountains of life were always sterile, acknowledge their obligations to it for an obvious change.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does *Cure*, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it is in nowise injurious to any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the *AGUE CURE* daily.

For *Liver Complaints*, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

Patented Sept. 22, 1868.

REASONS FOR PREFERRING THIS SOAP.

The Patentee claims for this soap the following advantages which are clearly set forth in the Letters Patent, to-wit:

First, it can be manufactured at less than half the cost of any soap ever produced.

Secondly, it may be used successfully in any kind of water—cold or hot, hard or soft

Thirdly, it so modifies the action of boiling water on woollen goods that their fibres do not contract under its influence, and your woollen garment is as large after boiling as before.

Fourth, it does not decompose the colors of goods, and your prints and stripes are as brilliant after washing as before.

Fifth the goods do not require any rubbing or patent washing machine—all that is necessary is a few minutes boiling and a good rinsing.

CAUTION! WE desire to warn the dealers in, and consumers of Snuff generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages, and imitate our Trade Marks so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's Snuff is "far ahead" of all others, being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff (High Toast,) or Fresh Snuff (Extra Scotch) is desired.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,

OF THE

UNITED STATES OF AMERICA,

WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,

$1,000,000,

PAID IN FULL.

It is no longer a question with any man, who tenderly loves his wife and children, who considers how helpless would be their condition in case of his death, as to the duty of taking out a LIFE POLICY, but as to which Company he shall pay his money.

If he reflects a moment he will conclude to patronize the Company which shows the greatest degree of vitality, which extends its business over the largest area, which is a Home Company in every locality; which furnishes insurance at the least cost; which issues no policies that are forfeitable should he be unable next year, or any subsequent year to pay his renewal; and which is undoubtedly able to meet ALL ITS PROMISES.

With these feelings and views, he looks over the newspapers and, by the time he gets through reading the advertisements of Mutual or Mixed Companies, he finds his mind so muddled that he is at a loss where to go or what to do. He can not comprehend one-half that is written, and concludes that none but ACTUARIES, who are familiar with the principles upon which Life Insurance is based can comprehend or explain anything about dividends and his liability for notes given in part payment of premiums. In his dilemma, he rooms into the plan adopted by the

NATIONAL

LIFE INSURANCE COMPANY,
U. S. A.,

and finds just what he wants:

An ALL CASH PLAN, reduced to the LOWEST MINIMUM Rate, like any commodity in Market, so much Insurance for so much Money. No notes to give; no interest to pay; no anxiety about Assessments; no apprehension of his Policy being forfeited next year if he does not pay his annual Renewal; and the RATES so much LOWER than other Companies, that he realizes a larger Dividend, IN ADVANCE, than other Companies can pay him in the future.

He finds that, instead of this UNCERTAIN PROMISE, and present high rate, that the

NATIONAL

presents a certain and definite sum for a much lower rate, and puts up its paid up Capital of

$1,000,000

as a guarantee fund, that its contracts will be fulfilled, and, like thousands of others, cheerfully calls on their Agent to make his application for a Policy. Hence the unprecedented and most wonderful success of the NATIONAL as contrasted with the older and Mutual Companies.

The Company issued its first policy on the 1st of August, 1868, and up to March 1st, 1869, it had issued 3,582 policies.

Amount insured,	$10,005,500.00
Total Premiums,	250,117.03

The whole number issued by the Connecticut Mutual in the first year of its existence was 592

By the Mutual Benefit of New Jersey,	691
" New England Mutual,	343
" Phœnix Mutual,	345
" Massachusetts Mutual,	312
" Equitable of New York,	277

The Mutual Life, of New York, in the first year of its existence, only issued 470 policies.

In its 10th year,	1,260 "
And in its 20th year,	2,842 "

this latter being 630 *less* than was issued by the NATIONAL in its first seven months.

CAPITAL OF THE STATE,

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph will be carefully collated and presented.

Full and correct market and financial reports will be given.

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC
CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the LOW PRICE of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the finest laces to the bed-blanket. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly loosening and eradicating the dirt WITHOUT LABOR or friction.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housekeepers. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

So invention has met with such ready sale and given such satisfaction. Call at LOUGEE & BUTTERS', and see the wonderful operations.—We have the exclusive right to sell and manufacture in the state.
